Facette® Shades

Soft fabrics for subtle light control

The elegance of fabric; the *ease-of-use* of a shade

With its alternating vanes of opaque and translucent woven fabric, Luxaflex® Facette® Shades create a unique soft effect allowing light to penetrate gently into your home. The clean, space-saving design offers the convenience of a shade, complemented by the beautifully understated elegance of textile composition.

The attractive shades combine the stylish warmth of textured fabric vanes and the simplicity of a window covering that can be raised or lowered in an instant. Sliding the opaque and translucent sections past one another allow you to choose the perfect balance of privacy and light at any moment of the day. Available in a range of contemporary and diverse colours - and even in up-to-date trend tones - Facette® Shades are designed to blend in harmoniously with your style and furnishings.

New vane sizes and colour range

Stylish and timeless, Facette® Shades are now available in three vane widths to suit your windows, your room size and your outside view. You can also select your favorite colour from our new range designed to offer a choice of subtle tones for each vane width. To ensure that your Facette® Shades provide the best in contemporary design, the collection will be regularly updated with additional trend colours.

New!
Vane sizes
& colours

NEW! Small (4 mm): slim elegance for even clearer view-through

Medium (7 mm): suitable for almost every size and shape of window

NEW! Large (14 mm): a strong, spacious style for larger windows

Made to suit every window

With its new vane widths, Facette® Shades now offer you more possibilities than ever before. Will you select the ultra-slim new 4 mm (S) vane, the popular 7 mm (M) vane or the dramatic new 14 mm (L) option? Consider the proportions of each window you are dressing, and simply choose the width that best balances the overall effect.

Colours to match your home

You can choose the tone that best suits your interior from a contemporary and diverse range of 16 main colours plus 1 trend colour. The collection will regularly be updated with one or more colours that reflect the latest fashion and design trends.

The stylish finishing touch

The fittings on Facette® Shades are colour-matched to your choice of fabric, unless you prefer to personalise your shade with stylish white or anodized aluminium fittings. The vanes can be opened or closed using a slim, matt stainless steel chain. Another new attraction is the elegant new white cord weight, with a silver metal cord weight available as an alternative option.

Easy to use

You can open or close the fabric by sliding the translucent and opaque woven sections past each other using the single control chain. The shade can be raised or lowered in both the fully open and closed positions.

High quality

The innovative Facette® Shades fabric is made of high-quality fire-retardant 100% Trevira CS yarns for peace of mind.

Choose Luxaflex® Window Styling for a unique quality product with a five-year guarantee.
