Wood Venetian Blinds

Nature's warmth and beauty in your home

By buying products with the FSC label you are supporting the growth of responsible forest management worldwide.

© 1996 Forest Stewardship Council A.C.

Of all components for sustainable building, timber excels as the only major renewable material. Every cubic meter of wood has absorbed one ton of carbon dioxide, one of the greenhouse gases, while it produced 700 kilos of oxygen*.

Of course, this all happened when the wood was still pertaining to a tree. But just how environmentally responsible is it to cut trees and turn them into venetian blinds. Unlike other building materials, trees can be planted and therefore 'regrown'!

Hunter Douglas has chosen to join the FSC (Forest Stewardship Council) system for certifying products like wood venetian blinds.

A number of our products carry the FSC label and are independently certified to assure consumers that the wood comes from forests that are managed in such a way as to meet the social, economic and ecological needs of present and future generations.

From the forest to our factory, all parts of the supply chain are checked by the FSC organisation. FSC certification for wood is part of Hunter Douglas' commitment to a more sustainable world and to the conservation of the world's forests.

A truly *timeless* appeal

With its natural beauty, wood has long been an inspiration and delight. Its calming and reassuringly solid presence provides a welcome contrast to the hustle and bustle of modern daily life. Luxaflex® Wood blinds bring all these qualities home to you.

Every tree and every sort of wood is highly individual, authentic and unique. That's why we offer you a beautiful varied choice of finishes. Between them the Luxaflex® Collection caters for every taste, preference, room and budget.

For example our Supreme wood blinds feature the characteristics of different types of wood, while FSC blinds are an attractive and environmentally responsible option. We also offer a wide range of popular styles and colours.

Your choice, made to measure personally for you by Luxaflex®

Be creative with our extensive choice of decorative and single colour fabric tapes. There is an endless choice of combinations; bold stripes, subtle textures, vivid colours or muted naturals and introduce a twist to make sure it complements your interiors beautifully.

Combining natural wood slats with stylish aluminium details, the Fusion blind is a distinctive and visually intriguing choice.

The contrast of natural wood slats with an aluminium valance, tassels, cord weight and bottom rail finishing detail is both striking and impressive.

Fusion elevates the Wood blind to a sleek, contemporary style that still retains its original, natural charm.

Choose Luxaflex® Window Styling for a unique quality product with a five-year guarantee. Luxaflex® Window Styling offer a wide range of attractive window coverings with an extensive choice of materials, colours, designs, finishes and control options. Your dealer will ensure that your Luxaflex® products are tailor-made to your requirements and that they are delivered to your home quickly and reliably.

Designed by Luxaflex. Inspired by you.
